LETTER FROM THE PRINCIPAL

Dear Parents and Guardians,

Welcome to BridgePrep Academy South and the new school year! As the Principal of this “A” rated learning community and family, I am honored you chose our school and to join us in bringing the best out of your child. We are proud of our dedicated, experienced staff and enthusiastic learners!

As demands and complexities of teaching children increase, it becomes more evident that we all

need to work together to ensure that our children/students reach their individualized potentials. We believe that all of us, the school, and its community, must unite in an extended family environment to establish and increase successes for our children/students. We believe it is everyone's responsibility to empower children/students with creative, intellectual, and decision-making skills necessary for them to become academically, socially, physically, and emotionally successful and responsible.

With that in mind, you are invited to be an active participant at BridgePrep Academy South! Whether you are a volunteer, a PALS member, Room PAL, special event participant, make donations, or help with items while at your home, you are encouraged to be involved. Research on schools clearly demonstrates that parent/guardian participation in their child's school and activities thereof coincides with a greater likelihood of academic success for their child. As they grow, these are moments when they feel the importance of their education.

It is our desire to keep you informed of all that is taking place at our school. Our various communication avenues are consistently working to allow up-to-date information to be given to you throughout the school year. I look forward to having a rewarding relationship with you and your family.

Once again, welcome to the BridgePrep Academy South family!

Sincerely,
Yvette Rodriguez
Principal

2. Students are to be escorted by the teacher to the designated dismissal area to be picked up.
3. Teachers will remain with their students for 15 minutes after the child's scheduled dismissal time. Students that have not been picked up 15 minutes after their dismissal time will be placed in the on-campus after school care program at **a fee charged to the parent.**
4. When students are dismissed, a student is expected to take with him/her all materials needed for homework including his/her agenda.
5. Students will not be permitted to go back into their classrooms after being dismissed from school. This policy also applies for students enrolled in the ASC program.

7. Students will not be released to anyone under the age of 18 years old (valid driver's license is brought in), or anyone that is not on the emergency contact card and approved by the parent or legal guardian. All parents/guardians or those picking up will need to bring in a valid driver's license.

ARRIVAL/DISMISSAL PROCEDURES

When dropping off or picking up your child; you have two options.

1. You may drive through the pick-up lane, stop momentarily at your child's designated pick-up area, and allow staff to open your car door and help your child into the car. Please do not linger, but drive on, as there will be parents in other cars behind you attempting to drop off or pick up their child. If there is a long line of cars waiting to drop off or pick-up students, please be patient, or park your car in the parking lot and walk to pick up your child.
2. You may **not** park your car and walk to your child's classroom for arrival or to your child's designated pick-up area at dismissal and retrieve your child. Your child is to walk alone to class as we will have supervising personnel.

At no time is anyone to park and leave his or her car on the drop-off, pick-up lane. Parking a car in the drive through lane will obstruct the flow of traffic and create a potentially dangerous situation. Please understand that parking in unauthorized areas is considered a serious offense. It is strongly encouraged that purses, electronic devices, etc. be taken out of the vehicle when it will be unattended. The school or its employees are not held responsible for any stolen items left inside a vehicle.

3. Handicap spaces are to be reserved and utilized for handicapped drivers that currently have a decal indicating so. Unauthorized vehicles are not to park in those identified parking spaces.

DESIGNATED PICK-UP AREAS

Children assigned to the After-School Care Program

All students going to After-School Care will be picked up by an after-school care leader employed by St. Paul.

Other Students

Your child will be escorted by their teacher to the designated dismissal area to be picked up. Your child's class will line up and you may drive by to pick up your child, or you may park your car and

walk to pick-up your child. For those who arrive for pick-up after 15 minutes, students will then be in the After-School Care program until the parent arrives. The after-school care office is in the PLC room 10 offered by St. Paul.

RAINY DAY DISMISSAL

2. Students riding private door to door van/bus services will be escorted by designated school personnel to the waiting van/bus, weather permitting. Driver will need to pick up the child(ren) from their classroom(s).
3. When the weather subsides, classes will be walked to their designated dismissal area and students will be placed in their cars.
4. All students going to After-School Care will be picked up by an activity leader and remain in a classroom until the weather subsides.

 2. **Do not allow your child to exit the car on the driver's side of the car because your child will be exiting on to through traffic.**
 3. **Do not place your child's belongings in the trunk of your car because this will require that the child retrieve his belongings from the trunk and place him/her between two running cars.**

PATROLS

Our patrols are students from our fifth-grade class. Our patrols are there to assist you and your child in the arrival and dismissal process. The patrols are there to enforce the policies designed by the administration. If you have a concern with a school policy, please do not discuss it with the patrols. Please take all concerns to the patrol supervisor or administration.

ATTENDANCE

Attendance and punctuality are mandatory. It is an educational fact that attendance and grades are connected. There are probably no factors more important to successful school progress than regular and punctual school attendance. Students who are tardy or absent excessively from the

instructional program will fall behind in academic achievement. Excessive school absenteeism precedes grade failure, loss of interest, and may result in students withdrawing from school. We expect our students to demonstrate excellent attendance. Please make every effort to have your child attend school on time consistently.

School Attendance: Students are to be counted in attendance only if they are present for at least **two** hours of the day or engaged in a school-approved educational activity which constitutes a part of the instructional program for the student.

Class Attendance: Students are to be counted in attendance if they are physically present in class for at least half of the class period, have been excused by the teacher on a class-related assignment, or have been requested by a member of the school support staff for an approved school activity.

- 1. Students missing five or more consecutive days of school due to illness or injury are required to receive a written statement from a health care provider.**
2. The written statement must include all the days the student has been absent.
3. If a student is continually sick and repeatedly absent from school due to a specific medical condition, he/she must be under the supervision of a health provider.
4. Failure to provide required documentation within three school days upon the return to school **will result in unexcused tardies or absences.**
5. Students who have habitually unexcused absences shall be considered truant. Students affected by the Compulsory School Attendance Law may be referred to Children and Family Services for truancy.
6. Any student arriving after their opening time will be issued a late pass and marked tardy. **After ten (10) unexcused tardies, the student will be issued a referral form that will be placed in the student's permanent record.** We understand that emergencies may arise. In such cases, we will need a letter signed by a parent/guardian explaining the reason for being tardy.
7. Parents are to contact the office if their child is going to be absent. On the day he/she returns to school, parents must send a handwritten note explaining the reason for their child's absence. A maximum of 10 handwritten notes will be accepted per school year. After 10, a referral will be issued. Students may not exceed more than 10 unexcused absences per school year. For every five unexcused absences, the student will receive a referral.
8. For excused absences, make-up work and homework must be completed within 24 hours (per missed day) after returning to school. All assignments must be made-up, or the student will be issued an incomplete. Incomplete assignments may affect the

student's final grade. **It is the parent's responsibility to contact the teacher regarding any missed assignments.** If a student anticipates being absent for more than two consecutive days, it is the parent's responsibility to contact the school and pick up any class work/homework from the teacher.

Excused Absences

- A. Personal illness of the student (medical evidence may be required by the principal or designee for absences exceeding five consecutive days). The written statement must include all days the student has been absent from school. If a student is continually sick and repeatedly absent from school due to a specific medical condition, the student must be under the supervision of a health care provider to receive excused absences from school.
- B. Medical Appointment: If a student is absent from school due to a medical appointment a written statement from a health care provider indicating the date and time of the appointment must be submitted to the principal.
- C. Death in immediate family.
- D. An approved school activity (absences recorded but not reported).
- E. Other absences with prior approval of the principal.
- F. Attendance at a center under Department of Children and Families supervision.
- G. Significant community events with prior permission of the principal. When more than one school is involved, the Region Superintendent will determine the status of the absence.
- H. Observance of a religious holiday or service when it is mandated for all members of a faith that such a holiday or service is observed. The religious holiday must be listed on the district's approved list of religious holidays.

Tardiness

A student is considered tardy if they are not present at the moment the school bell rings for the class assigned. NOTE: If a student is not present when attendance is taken but is present later in the school day, that student must be considered in attendance, but tardy, and the absence should be changed. A student who is tardy should never remain on record as being absent.

A student who has twenty (20) or more cumulative tardies will not be allowed to participate in interscholastic competitions or performances for the remainder of the school year.

Early Sign-outs

No student shall be released within the final thirty (30) minutes of the school day unless authorized by the principal or principal's designee (i.e., emergency, sickness).

No student shall be permitted to leave school prior to dismissal at the request of, or in the company of anyone other than a school employee, a police officer with judicial authority, a court official, or the parents of the student unless the permission of the parent is provided. No parent

may have access to the student or may grant permission to allow the student to leave school prior to dismissal if there is a legally binding instrument or court order governing such matters as divorce, separation, or custody which provides to the contrary. The parent who is the primary residential custodian or the parent who enrolled the student shall determine in writing if the student may be released to individuals unless otherwise stated in a court order.

Emergency Contact Card must include those individuals who a parent/legal guardian permits the child to leave school grounds with on any day at any time. The parent or legal guardian is to ensure the Emergency Contact Card is current.

Immunization records must be current for each student. It is the responsibility of the parent or legal guardian to provide the school with the updated forms.

BIRTHDAYS

Parents might want to recognize their child's birthday in school. If you wish to provide a small party for your child's class, please plan with your child's teacher. If you would like to bring in cupcakes, please arrange it with your child's teacher as well. We cannot have lunch parties or send food items to be given during lunch times.

NO PEANUTS OR ITEMS CONTAINING NUTS ARE ACCEPTED OR ALLOWED FOR ANY ACTIVITY AT SCHOOL.

BOOK BAGS

It is recommended that each student have a book bag to transport his/her books and materials between school and home. We highly encourage parent(s) to check their child's book bag often to ensure necessary school materials, assignments, and communication notes are seen and returned to school. School supplies should be replenished as needed.

LUNCH BAGS/BOXES

Students who bring lunch bags or boxes from home must bring it upon beginning of the school day. For the safety and security of all our students, family members are not allowed to bring outside foods to the cafeteria. Should an emergency occur, parent/legal guardian is to leave the lunch bag/box with security personnel in the main entrance of the school. We are a "Peanut Free" school. No nut containing foods or snacks are permitted by any student on any/every school day.

COMMUNICATION

Parent to School Communication

A prime factor in our operation is the importance we place upon communication between home and school. The lines of communication must be always kept open so that we may be properly tuned into your child's needs.

Please notify us immediately if:

1. Your child has developed a communicable disease.
2. You will be out of town.

3. Your telephone number and/or email address (home and/or work) has changed.
4. You wish to change or add to the emergency contact numbers we are to use.

Parent to Teacher Communication

Conferences with individual teachers must be arranged by contacting the teacher via email. Teachers may also be available during their breaks; however, you must make an appointment for these times. Parent conferences are not to be held while other families are able to hear information for other students as all student information is private and we respect each of their individual abilities. **Moreover, please do not engage in parent/teacher conferences during arrival or dismissal times as the primary goal for all school staff is to always maintain the safety of all students. These conferences are to be scheduled by both parties.**

Always attempt to resolve issues/conflicts with the teacher(s) before communicating to the administration. Most issues can be resolved when you have open and honest communication with your child's teacher.

Order of contact to resolve an issue is:

Teacher → Vice Principal &/or Counselor → Principal

School to Parents Communication

1. www.bridgeprepsouth.com and Class DOJO, in which home learning, flyers, monthly calendars and all communication is posted throughout the school year.
2. www.dadeschools.net, is the Miami-Dade County Public Schools website in which you can view your child's grades. You will need to set up a parent account.
3. Emails and notifications will be sent home periodically informing you of upcoming activities or deadlines.

Children who are ill should remain at home to minimize the risk of passing the illness onto others. Please notify us of any contagious illness your child has so we may alert other parents. In addition, please notify the school of any chronic condition your child may have.

Fire Drills – We practice monthly fire drills to familiarize the students with emergency procedures

in case of a real fire. These drills are practiced at all different times on various days throughout the school year.

This person should be able to come to school and pick up your child if necessary. achievement in relation to school goals, acceptance norms, and student potential. Student grades, unsatisfactory work notices, parent reports on state assessment, and/or standardized testing, parent conferences, and adult/student conferences should serve as the primary means of communicating student progress and achievement of the standards for promotion

A student’s academic grade reflects the teacher’s most objective assessment of the student’s academic achievement. Students have the right to receive a conduct and an effort grade consistent with their overall behavior and effort.

Specific guidelines for grading student performance and for reporting student progress are provided below and detailed in the *Student Progression Plan*. To view the plan, go to <http://ehandbooks.dadeschools.net/policies/93.pdf>.

Academic Grades

Academic grades are to reflect the student’s academic progress. The grade must provide for both students and parents a clear indication of each student’s academic performance as compared with norms that would be appropriate for the grade or subject. Grades will consist of schoolwork, quizzes, tests, all assignments, projects, technology programs and presentations.

Plagerism

Examples of plagiarism and academic dishonesty include but are not limited to the willful giving or receiving of an unauthorized, unfair, dishonest, or unscrupulous advantage in academic work over other students. Consequences for any plagiarism will be applied as required in the MDCPS Student Code of Conduct.

The academic grades of “A,” “B,” “C,” “D,” or “F,” are not related to the student’s effort and conduct grades. Grades in all subjects are to be based on the student’s degree of mastery of the instructional objectives and competencies for the subject. The determination of the specific grade a student receives must be based on a teacher’s careful consideration of all aspects of each student’s performance during a grading period.

Effort Grades

Effort grades are utilized to convey both to students and their parent(s)/guardian(s) the teacher’s evaluation of a student’s effort as related to the instructional program. These grades are independent of academic and conduct grades. In assigning an effort grade, the teacher must consider the student’s potential, study habits, and attitude. Kindergarten students do not receive effort grades.

There are three numerical grades used to reflect effort in grades 1st through 8th:

Grade	Verbal Interpretation	Indicators
1	The student consistently works to the best of his/her ability.	<ul style="list-style-type: none"> • Completed all tasks. • Tried a task again to improve the results. • Consistently attends to assigned tasks until and generally exerts maximum effort on all tasks.
2	The student’s effort is satisfactory.	<ul style="list-style-type: none"> • All work is approached with an appropriate degree of seriousness. • The student usually finishes assignments on time and usually stays on task. • The student usually works at a level commensurate with his/her ability.
3	The student shows insufficient effort.	Little attention is paid to completing assignments.

Conduct Grades

The school will follow Miami-Dade County Public School’s *Code of Student Conduct* <http://ehandbooks.dadeschools.net/policies/90/index.htm>. The following rules, regulations and due process procedures are designed to protect all members of the educational community in the exercise of their rights and responsibilities.

B	80 – 89%	Above Average
C	70 – 79%	Average
D	60 – 69%	Needs Improvement

The following rules, regulations and due process procedures are designed to protect all members of the educational community in the exercise of their rights and responsibilities.

These rules apply to any student:

1. Who is on the school property
2. Who is in attendance at school or any school-sponsored activity
3. Whose conduct at any time or in any place has a direct and immediate effect on maintaining order and discipline in the school.

GRADING SCALE

Gradebook Categories:

- Assessments – 30%
- Quizzes – 20%
- Classwork – 20%
- Home Learning – 10%
- Projects – 20%

Procedures for 2023-2024

1. Ensure you have a complete understanding of your grade book system and lock/finalize your 1st & 2nd quarter grades for the 2023-2024 school year (there will be a change of categories, and this may recalculate your 1st quarter grades if they are not locked/finalized).
2. Adjust your gradebook system to reflect the categories shown above.
3. Assessments should be comprehensive, address more than 1 standard, and each standard should be represented with the appropriate number of items for validity and reliability.
4. Quizzes should have enough items so that there is a normal distribution of grades, minimum of 8 items no more than 15.
5. If a student receives a ZERO or a grade below 50%, they must be provided a second opportunity to RE-DO the task for 85% of the grade received on the RE-DO task (for example, on RE-DO a student receives a 75%, their grade will be 85% of 75% which is 64%). If the RE-Do yields a lower grade, keep the better of the two grades.

6. If the class mean is 50% or less on a standard, the teacher will re-teach and re-assess.
7. Homework must be purposeful and aligned to standards taught in class. Feedback on the homework must be provided during Differentiated Instruction and/or Teacher Led Instruction.
8. Assessments should be monitored and checked by administration for standards alignment, rigor as delineated by the cognitive complexity of the standards, and adherence to BPA grading policies and expectations.
9. Two grades per week should be given: Formal (consisting of exam, presentation, project etc.) and Informal (HLA, technology, classwork, supplemental work).
10. Projects should be evaluated by the use of a rubric, aligned to global standard, and include a presentation. If multiple grades are given for a project, each grade must evaluate different components of the project with the use of a rubric for each component (for example: written report, presentation, research, neatness, creativity, individual participation, etc.)

CODE OF EXCELLENCE

We believe that a safe and orderly school is of primary importance. When children behave in a respectful, responsible, and safe manner, they learn more and develop into responsible children whose “character counts”. The BridgePrep Academy Code of Excellence is a school wide plan, which clearly outlines student expectations.

Proper behavior is recognized, and consequences are given for breaking our code. Each parent must take an active role in supporting this plan. We want our children to learn and to be responsible citizens. It is in the children’s best interest that parents and staff work together to ensure a happy, safe, and productive learning experience. The Positive Behavioral Support (PBS) program we implement allows for students who have earned Bulldog Bucks to receive a reward for displaying positive behaviors during school days.

HEALTH GUIDELINES

If your child is injured or becomes ill at school, you will be notified immediately. PLEASE KEEP US CURRENT REGARDING YOUR PHONE NUMBERS BOTH AT HOME AND WORK. This information is vital should an emergency arise.

ILLNESS

1. If you suspect that your child is not well, please keep him/her at home, regardless of his/her desire to come to school. We ask that you do this out of consideration for his/her classmates.

2. If your child has had a fever, his/her temperature should be normal for twenty-four (24) hours before returning to school.
3. If your child has a cold, is coughing, and has a runny nose, please consider that he/she may be contagious to others. Please keep him/her home for his/her care until he/she recovers.
4. If your child has a rash, please keep him/her home, and contact your doctor to find out the cause.
5. Our school staff only administers prescription medication prescribed by a doctor to children upon completion of a medication request form.

Medication Policy

Every attempt must be made by the student's parents and physician to have medications administered at home during non-school hours. If this is not possible, a completed Medication Authorization Form must be provided for **each** medication to be administered during school hours.

No medication may be administered by school personnel unless the parent presents the school with a completed Medication Authorization Form, signed by the physician and parent.

The Medication Authorization Form must be **renewed each school year** and placed in the student's cumulative folder.

Any changes in the type, dosage or frequency of medication administered will require a new Medication Authorization Form to be completed.

The Medication Authorization Form must be current. The Medication Authorization Form will be filed in the student's Cumulative Health Record (*HRS-H Form 3041*).

In an emergency a Medication Authorization Form can be faxed to the physician and returned by fax to the school. A copy should be made of the form, as fax copies fade. An original must be obtained from the physician and include parent/guardian signatures within 24 hours to continue administering the medication.

Administering Medications

State rule FL Statute, 1006.062 Administrative Rule, 64F-6.004 states that school personnel may assist students in the administration and/or dispensing of prescribed medication in compliance with the following procedures:

All medications will be administered by the school principal or his/her designee.

Medications may be administered by the school principal or his/her designee when there exists an illness or disability that requires maintenance-type medication and when failure to take prescribed medication could jeopardize the student's health and when the medication administration schedule cannot be accommodated before or after school.

If the parent/guardian has completed the Medication Authorization Form correctly and has met the requirements of the district, it is the obligation of the school to see that the student is medicated at the appropriate time indicated on the Medication Authorization Form.

Only the parent/guardian should deliver medications and pick up unused medications.

***Guidelines for administering medication will be followed very strictly.**

There are several illnesses that are common occurrences in school-age children. Children will not be admitted to school and will be sent home if they exhibit any symptoms of illness. Please help us control and minimize the spread of infections to others by providing care for your child when he/she is sick and keeping them at home while doing so.

HOME LEARNING

Home Learning Assignments are a very important part of learning since they reinforce concepts that have been learned. BridgePrep Academy's policy is to assign homework EVERY night. This keeps the academic flow and a means of involving parents aligned with our curriculum goals.

Parents' responsibility for completing home learning assignments:

1. Provide your child with a quiet place which is conducive to studying and to learning.
2. Show an interest in your child's home learning assignments by aiding and reviewing completed work.
3. Do not complete the home learning assignments for your child. If your child is having difficulty, try to help them with their assignment and notify the teacher via DOJO.
4. Ensure your child reads for a minimum of 30 min. Read with or to your children daily.

Student responsibilities for completing home learning assignments:

1. Using their school agenda, students are responsible for recording and completing all Home Learning Assignments independently. Parents may aid, but students must complete the work on their own.
2. Home Learning Assignments should be done in a quiet place with good lighting and minimal disturbances, in an identified area designated for schoolwork.
3. If there is a problem in understanding how to complete Home Learning Assignments, students are to do the very best job possible. If a student does not understand the assignment(s), they are encouraged to bring it in the next day and ask the teacher for assistance. In this case, the homework should be completed that evening along with the

regular Home Learning Assignments.

4. If a student is having difficulty in managing their time for homework, ask the teacher for assistance with homework time management.
5. Make- Up work is to be completed within 3 days of absence.

Grade Level	Frequency of Assignments	Total Daily Average (All Subjects)
